Abstract.....	xiii
Foreword.....	xv
Old Pots, New Ideas: An Introduction	1
1. The Polis of Corinth During the Archaic Period.....	5
1.1 Introduction.....	5
1.2 Prehistoric Corinth until the end of the Early Iron Age (c.6500 to 9 th c. BCE).....	5
1.3 The Bacchiadai Oligarchy (747 BCE-657 BCE).....	6
1.4 The Tyranny of the Kypselidai (657-581 BCE).....	9
1.5 The End of the Tyranny and the Second Oligarchy (581 BCE- 480 BCE).....	11
1.6 Epilogue	12
2. Archaic Corinthian Pottery, Research History and Typology	15
2.1 Introduction.....	15
2.2 History of Corinthian Pottery Studies.....	16
2.3 Technological Studies on Greek and Corinthian Pottery.....	18
2.4 Visual and Literary Sources on Ancient Greek Pottery Production.....	19
2.5 Corinthian Ceramics in the Archaic Period: A Brief Typology.....	23
2.5.1 The Early Protocorinthian Period (720-690 BCE).....	23
2.5.2 The Middle Protocorinthian Period (690-650 BCE).....	24
2.5.3 The Late Protocorinthian Period (650-630 BCE) and the Transitional Period (630-620/615 BCE).....	26
2.5.4 The Early Corinthian Period (620/615-595/592 BCE).....	28
2.5.5 The Middle Corinthian Period (595/590-570 BCE).....	30
2.5.6 The Late Corinthian Period (570-500 BCE).....	30
3. Theoretical Perspectives on Pottery Studies.....	33
3.1 Introduction.....	33
3.2 Models of Inference in Archaeology: Behavioral Archaeology.....	33
3.3 Technology and Communities of Practice.....	35
3.3.1 Technological Studies in Behavioral Archaeology.....	35
3.3.2 Social Constructivism and Communities of Practice.....	37
3.4 Models of Interpretation.....	38
3.5 Archaeological Theory and Archaic Corinthian Pottery.....	40
4. Research Methodology	41
4.1 The Potters' Quarter: Site Excavation and Sampling Strategy.....	41
4.2 Database Design and Statistical Applications.....	43
4.3 Survey and Sampling of Raw Materials.....	43
4.4 Physical Properties Tests.....	44
4.5 X-ray Fluorescence Analysis.....	45
4.6 Summary.....	47
5. Research Results	49
5.1 Chronological Sequence of the Potters' Quarter.....	49
5.2 Standardization Analyses of Finds from the Potters' Quarter.....	49
5.3 Analyses of Raw Materials.....	55
5.3.1 General Characteristics of the Samples.....	56
5.3.2 Drying and Firing Shrinkage.....	58
5.3.3 Porosity Tests.....	61
5.4 pXRF Analysis of Fabrics, Source Clays and Decoration.....	61

5.4.1 Methodology and its Limitations in the Study	61
5.4.2 Multivariate Statistics on Fabrics, Paints and Glosses	62
5.4.3 Performance of the Raw Materials	72
5.4.4 Summary and Interpretation	73
5.5 The Behavioral Chain and the Manufacture of Pottery at Corinth	75
5.5.1 Acquisition of Raw Materials	75
5.5.2 Preparation of Raw Materials:	75
5.5.3 Forming the Vessel	77
5.5.4 Surface Treatments	83
5.5.5 Firing	89
5.5.6 Post-firing Treatments	92
5.6 Summary of the Results	93
6. Potters and Society	95
6.1 The Origins of the Black Figure Technique	95
6.2 The Origins of the Potters' Quarter	96
6.3 Workshop Organization and Apprenticeship	98
6.4 Economic Cost and Consumption of Pottery in Corinthian Society	101
6.5 The Resilience of the Corinthian Workshops	102
Appendix 1. Profile Drawings of the Main Greek Pottery Shapes	105
Appendix 2. Nomenclature of Greek pottery shapes (based on textual evidence)	107
Appendix 3. Plan of the Potters' Quarter	108
Appendix 4. Nomenclature and variables recorded for the description of vessels	110
Appendix 5. Linear Shrinkage of Tested Briquettes (mm). Initial size 100 mm	116
Appendix 6. Porosity Tests of Briquettes	120
