List of Figures.....	xiii
List of Tables.....	xix
Abstract.....	xx
 1. Preface.....	 1
 2. British Wetland Environments and their importance	 7
Wetland Environments Observed in Britain	8
Finding Prehistoric Wetlands that No Longer Exist	9
Environmental Shifts and Correlation with the Iron Age Period	11
The Importance of Wetlands in Archaeology.....	12
 3. Tradition and Ritual Theory in Relation to Wetland Deposition	 15
Defining ‘Ritual’	15
Ritual Development	16
Issues with Ritual Theory and Methods.....	16
Obscure Definitions	17
Dependence on Anthropology and Lack of Incorporation of Other Disciplines	18
Received Wisdom	19
Classical Ethnographic Influence in British Wetland Archaeology	20
Connecting Ritualistic Behaviour with Wetland Deposition Tradition	22
British Prehistoric Deposition Theory	23
Depositional Practices and Trends Observed in Wetland Areas	23
Wetland Deposition in Iron Age Britain	24
Discussion	24
 4. British Wetland Deposition Practice	 27
Hoards	27
Multiple Period Hoards	27
Llyn Cerrig Bach	28
Langstone	28
Kincardine Moss	29
Balmaclellan	30
Airth	31
Single Period Hoards	32
Llyn Fawr	32
Nant-y-Cafn	33
Middlebie	34
Pairs	34
Plockton	34
Bargany	35
Bunranoch	35
Single Object Deposits	35
Elvanfoot	35
Trawsfynydd	35
Torrs	36
Multiperiod Single Object Deposits	36
Discussion	36
 5. Exploring Wetland Iron Age Deposition in Scotland	 39
Highlands and Islands Case-studies.....	39
Single Deposits	39
Pairs	42
Hoards	42
Multiperiod Single Object Deposits.....	43

Northeast Case-studies.....	43
Single Deposits	43
Pairs.....	43
Multiple Period Single Object Deposits	43
Central's Case-studies.....	44
Single Deposits	44
Pairs	46
Multi-period Hoards	46
Southeast Case-studies.....	46
Single	46
Pairs.....	48
Hoards.....	48
Southwest Case-studies.....	50
Single	50
Pairs	51
Hoards	51
Multi-period Hoards	51
Multi-period Single Object Deposits	53
6. Assessment of Iron Age Wetland Deposition Practice in Scotland.....	55
Research Questions.....	55
Sub-regional Analysis	56
Highlands and Islands.....	56
Environment.....	56
Single, Paired, Hoard, and Multi-period Comparisons	56
Depositional Practices.....	57
Objects	57
Material Composition	59
Dates of Activity	59
Highlands and Islands Summary	61
Northeast.....	61
Environment.....	61
Single, Pairs, and Hoard Comparisons	61
Depositional Practices.....	61
Objects	63
Material Composition	63
Dates of Activity	63
Northeast Summary	63
Central.....	63
Environment.....	63
Single, Pairs, and Hoard Comparisons	65
Depositional Practices.....	65
Objects	65
Material Composition	66
Dates of Activity	66
Central Summary	67
Southeast.....	67
Environment.....	67
Single, Pairs, and Hoard Comparisons	67
Depositional Practices.....	69
Objects	69
Material Composition	69
Dates of Activity	70
Southeast Summary	71
Southwest.....	71
Environment.....	71
Single, Pair, and Hoard Comparisons	72
Depositional Practices.....	73
Objects	73

Material Composition	73
Dates of Activity	75
Southwest Summary	75
Sub-regional Comparisons.....	75
Environment.....	75
Single, Paired, Hoard, and Multi-period Comparisons	76
Depositional Practices.....	77
Summary	78
7. Exploring Wetland Iron Age Deposition in Wales	81
Northwest Case-studies.....	82
Single Deposits	82
Multi-period Hoard	83
Northeast Case-studies.....	83
Single	83
Southwest Case-studies.....	85
Single	85
Multi-period Single Object Deposits.....	86
Southeast Case-studies.....	87
Single	87
Hoards.....	88
Multi-period Hoards	88
Multi-period Single Object Deposits	88
8. Assessment of Iron Age Wetland Deposition Practice in Wales.....	91
Research Questions.....	91
Sub-Regional Analysis.....	91
Northwest.....	91
Environment.....	91
Single, Pairs, and Hoard Comparisons	91
Depositional Practices.....	93
Objects	93
Material Composition	94
Dates of Activity	94
Northwest Summary	95
Northeast.....	95
Environment.....	95
Single, Pairs, and Hoard Comparisons	95
Depositional Practices.....	95
Objects	95
Material Composition	96
Dates of Activity	96
Northeast Summary	97
Southwest.....	98
Environment.....	98
Single, Pairs, and Hoard Comparisons	99
Depositional Practices.....	99
Objects	99
Material Composition	99
Dates of Activity	99
Southwest Summary	99
Southeast.....	100
Environment.....	100
Single, Pairs, and Hoard Comparisons	102
Depositional Practices.....	102
Objects	102
Material Composition	103
Dates of Activity	103
Southeast Summary	104

Sub-Regional Comparisons	104
Environment.....	104
Single, Paired, Hoard, and Multiperiod Comparisons	105
Depositional Practices.....	105
Summary	107
9. Investigating trends of wetland deposition practice	109
Wetland Traditions	109
Wet Landscapes and Sediments	111
Object Types	111
Material Types.....	113
Periods of Activity	115
Typological-chronological Sequence and Radiocarbon Dates.....	115
Discovery Dates	117
Summary	118
10. Discussion.....	119
Wetland Landscape	119
Associated Wetland Sediments	120
Wetland Deposition Traditions – How are Objects Deposited.....	121
Single Object Deposits.....	121
Pairs.....	121
Hoards	122
Multiperiod Deposits	122
Objects Deposited	123
Materials Chosen	124
Discussion	125
Summary	127
11. Conclusion.....	129
Bibliography	131
