List of Maps	xv
List of Figures	xvii
List of Tables	xx
Preface	xxi
Abstract	xxii
Contextual notes	xxiv
1. Perspectives	1
1.1. Approach and theoretical considerations	4
1.2. Propositions and data	5
1.2.1. Ceramics	6
1.2.2. Lithic objects	6
1.2.3. Iron objects.....	6
1.2.4. Personal adornments	7
1.2.5. Miscellaneous	7
1.2.6. Osteological material	7
1.2.7. Human skeletal remains	7
1.3. Ethnographic and ethnoarchaeological documentation	7
2. Geography of the Upper Nile Valley	11
2.1. Geology, soil, and topography	11
2.2. The White Nile and other waterways.....	12
2.3. Climate and natural vegetation	13
2.4. Settlements and place names	14
2.5. The environment during the last 4,000 years.....	15
3. Archaeological sites investigated	17
3.1. The Malakal survey (UN 1–22).....	17
3.2. Trial excavation at Debbat Alali (UN 23).....	17
3.3. Excavation at Debbat El Eheima (UN 24).....	20
3.3.1. Grave 1 (squares 1–2, strata 3–9)	21
3.3.2. Grave 2 (squares 5–7, strata 3–7 and squares 5–6, strata 8–9).....	23
3.3.3. Grave 3 (square 4, strata 3–6; possible grave).....	23
3.4. Summary: Grave remains from Debbat El Eheima	24
3.5. Other documentation from the excavation at Debbat El Eheima	24
3.6. Excavation at Debbat Bangdit (UN 25).....	24
3.6.1. Grave 4 (squares 2–3, strata 6–9)	26
3.6.2. Grave 5 (square 2, strata 12–19; square 1, strata 14–17; and square 3, strata 17).....	27
3.6.3. Grave 6 (squares 4–5, strata 3–18 and square 6, strata 12–13).....	29
3.6.4. Grave 7 (squares 4–6, strata 19–21)	30
3.6.5. Grave 8 (squares 6–7, strata 7–11).....	30
3.6.6. Grave 9 (squares 6–7, strata 16–19 and square 5, stratum 18).....	30
3.6.7. Grave 10 (square 1, strata 4–5; possible grave).....	34
3.6.8. Grave 11 (squares 6–7, strata 21–27; possible grave)	34
3.7. Summary: Grave remains from Debbat Bangdit	34
3.8. Note on differences in soil consistency	35
3.9. Preliminary conclusions.....	36
4. Classifications, analyses, and interpretations	37
4.1. Archaeological material analysed	37
4.2. Classification and identification.....	38
4.3. Classification of ceramic material	38
4.4. Potsherds.....	39

4.4.1. Debbat Alali	39
4.4.2. Debbat El Eheima	45
4.4.3. Debbat Bangdit	53
4.5. Assessment of the ceramic pot material	62
4.6. Beads.....	68
4.7. Ceramic ring fragments from Debbat El Eheima	70
4.8. Lithic material.....	72
4.9. Iron objects	76
4.9.1. Debbat El Eheima	76
4.9.2. Debbat Bangdit	79
4.10. Miscellaneous	80
4.11. Osteological material	83
4.12. Plant foods for people and their animals	84
4.13. Conclusions.....	85
4.13.1. Early use of small iron objects at Debbat El Eheima.....	85
4.13.2. Ritual burial of a cattle skull at Debbat El Eheima.....	87
4.13.3. Variations in burial and subsequent memorial rituals	88
5. Ethnohistories in the Upper White Nile Valley	91
5.1. Towards a chronology.....	91
5.2. Early use of small iron objects.....	93
5.3. Ethnohistories and great traditions	93
5.4. Burial traditions	94
5.4.1. Debbat El Eheima	96
5.4.2. Debbat Bangdit	97
5.4.3. Pots and potsherds in grave and burial rituals	98
5.5. Traditional animal and plant foods	99
5.6. Glimpses of everyday village life	100
5.7. Prospects for future past-oriented studies.....	101
Appendix 1. Archaeological discoveries in the Blue Nile area in southern Sudan prior to the 1970s.....	103
Appendix 2. Carbon-14 dates from Debbat El Eheima and Debbat Bangdit	111
Appendix 3. Human skeletal remains from Debbat El Eheima and Debbat Bangdit	115
Appendix 4. Human osteological material from Debbat El Eheima transferred from the Ghent collection to the University Museum of Bergen	119
