PART 1. THE HISTORICAL BACKGROUND

1. Introduction	1
<i>Robin C.M. Piercy, Jeremy N. Green, Susan Green, Sheila Matthews and André Teixeira</i>	
Introduction	1
2. Portuguese Shipping in the Indian Ocean	3
<i>Jeremy N. Green</i>	
The Portuguese in the Indian Ocean.....	3
Iberian and European shipping losses	5
3. The Building and Early Voyages of the <i>Santo António de Tanná</i>	11
<i>Jean-Yves Blot and Maria Luisa Pinheiro Blot†</i>	
Documentary sources and sites	11
Diplomatic situation of Portuguese India	12
The late seventeenth century	12
The building of the frigate	16
Arrival at Goa.....	16
Ships with similar names	16
Why is ‘ <i>de Tanná</i> ’ in the name of the new frigate?	16
Portuguese colonial shipbuilding and the origin of the ship	17
The early voyages	18
4. The Siege of Fort Jesus, 1696–1698 and the Loss of the <i>Santo António de Tanná</i>	21
<i>James Kirkman† and Jill Dias†</i>	
Introduction	21
Background to the siege.....	21
History of the fort.....	22
The two harbours.....	23
The loss of the <i>Santo António de Tanná</i>	26
Evidence confirming the shipwreck of the <i>Santo António de Tanná</i>	27

PART 2. THE EXCAVATION PROJECT

5. The Excavation Seasons	29
<i>Robin C.M. Piercy, James Kirkman†, Donald A. Frey, Susan Green</i>	
Introduction	29
Background 1958–1976	30
The discovery and early work on the site	30
<i>James Kirkman†</i>	
The 1976 survey season	32
<i>Robin C.M. Piercy and Donald A. Frey</i>	
Introduction	32
Site conditions	32
Survey techniques.....	32
Summary.....	34

6. The Four Field Seasons 1977–1980	35
<i>Robin C.M. Piercy</i>	
Excavation season 1—1977	36
Introduction	36
Personnel.....	36
Diving platform.....	36
Underwater techniques	37
Diving routine and safety.....	38
Excavation.....	39
Summary—excavation season 1	41
Excavation season 2—1978	41
Introduction	41
Diving platform.....	42
Personnel.....	42
Underwater techniques	42
Diving routine and safety.....	42
Excavation.....	42
Summary—excavation season 2	43
Excavation season 3—1979	44
Introduction	44
Diving platform.....	44
Diving routine and safety.....	44
Excavation.....	44
Summary—excavation season 3	45
Excavation season 4—1980	46
Introduction	46
Diving routine and safety.....	46
Excavation.....	46
Summary—excavation season 4	47
Summary—four fieldwork seasons	47
Final conclusions	48
7. The Hull Survey	49
<i>Jeremy N. Green</i>	
Introduction	49
Control points.....	49
Internal planking width measurements.....	49
Keelson profile.....	50
Trilateration.....	51
Three-dimensional photogrammetric recording.....	52
Conclusions.....	53
8. Post-Excavation Work.....	55
<i>Robin C.M. Piercy</i>	
Introduction	55
Study season—1981.....	55
Study season—1982.....	56
Study season—1988.....	57
Study season—1996.....	58
January	58
September	58
Study season—2001–2002	59
Database review	59
Artefact conservation	60
Summary—study season 2001–2002	61
Study season—2004.....	61
Visit—2006	62
Summary of post-excavation work.....	62

PART 3. VISUALIZING THE SHIP

9. Developing a 3D Model	63
<i>Jeremy N. Green, Daniel Adams and Andrew Woods</i>	
The development of digital modelling.....	63
Trilateration data review.....	64

Keelson reassessment project 2019	64
New trilateration calculation based on the keelson control point coordinates	65
Photogrammetric 3D reconstruction	65
Developing a 3D plan of the hull	66
First 3D hull plan, 2014.....	66
Second 3D hull plan, 2015.....	67
Third 3D hull plan, 2018.....	67
Fourth 3D hull plan, 2021.....	67
Fifth 3D hull plan, 2021	68
Sixth 3D hull plan, 2022.....	69
Accuracy tests	69
Final analysis	70
Conclusions	71
Links to models.....	72
10. A Theoretical Reconstruction	73
<i>Tiago Miguel Fraga</i>	
Introduction	73
Portuguese maritime history synopsis.....	73
Archaeology of the <i>Santo António de Tanná</i> hull structure	73
Scantlings.....	74
Keel	74
Stem-post	74
Stern-post.....	74
Frames	75
Keelson	75
Deck clamp	75
Mast-step.....	76
Hull planking.....	76
Ceiling	76
Stringers	77
Hanging knees.....	77
Spars.....	77
Mast-partners and stanchions.....	78
Proposed reconstruction of the <i>Santo António de Tanná</i>	78
Measurements	78
Overall dimensions.....	78
The hull shape	80
Reconstructed scantlings.....	84
Keel	84
False keel	84
Stem	84
Stemson	84
Stern-post.....	85
Deadwood knee	85
Transom	85
Frames	86
Keelson	86
Stringers	86
Deck-beams and stanchions.....	87
Hatches.....	88
Wales.....	88
Waterway wale.....	88
Cap rail	88
Planking	89
Analysis of sources on Portuguese shipbuilding	89
Primary sources	89
Discussion.....	91
Conclusions.....	93
PART 4. THE SHIP AND ITS FIXTURES	
11. The Rigging.....	95
<i>Bruce F.C. Thompson</i>	
Introduction	95
The hull	96

Extant remains	96
Proposed hull shapes	97
The ship's fittings, rigging, sails and associated items	98
Deck and hull fittings	98
Bits	98
Ringbolts	99
Ring-plate	101
Hook bolts	101
Fairleads	102
Cleat	103
Standing rigging	105
Deadeyes and associated chains	105
Deadeyes with straps and chains attached	107
Shrouds	110
Preliminary reconstruction	111
Running rigging	113
Blocks	113
Parrel trucks	118
Hooks	118
Running rigging rope	120
Thimbles	120
Cable eye	121
Sail and associated items	123
Sail bundle	124
Sailcloth and associated fittings	124
Tabling	124
Roping	125
Parcelled and served rope	125
Rope coils and bundles	126
Sail-maker's palms	127
Summary and conclusions	129
12. The Common Lift-Pump	131
<i>Randel C. Davis</i>	
Introductory history	131
Operation	133
Comparative lift-pumps	134
The common lift pumps of the <i>Santo António de Tanná</i>	137
Miscellaneous pump parts	139
Conclusion	140
13. The Chain-Pump	143
<i>Thomas J. Oertling</i>	
The history of the chain-pump	143
The Cole-Bentinck chain-pump	144
The <i>Santo António de Tanná</i> Chain-pump	149
Pump tube	151
Chains and discs	151
Miscellaneous pump parts	153
Conclusions	153
14. The Pump Well	155
<i>Randel C. Davis and Sheila Matthews</i>	
The pump well	155
15. Ship-Related Fittings	157
<i>Sheila Matthews</i>	
Introduction	157
Ship's fittings	157
Stanchions	157
Rudder gudgeon, hinges, washers, lead, miscellaneous	163
Rudder gudgeon	163
Strap hinges	163
Straps	164
Chains	166
Washers and bearing plates	166

Lead sheets.....	168
Lead strips.....	170
Miscellaneous.....	171
Fasteners.....	173
Iron nails with bolts.....	173
Iron nails.....	174
Iron bolts with key.....	174
Iron bolts with attachments.....	176
Plain iron bolts.....	176
Miscellaneous metal objects.....	180
Lead.....	180
Iron.....	180
Copper alloy.....	180
Miscellaneous wooden objects.....	184
Notched wooden objects.....	184
Wooden support structures and small knees.....	186
Wooden lids.....	188
Unidentified wooden object.....	188
16. Decorative Carved Wooden Objects.....	191
<i>Mónica Esteves Reis</i>	
Introduction.....	191
Wood types and traditional wood-carving techniques in India.....	191
Carved wooden objects.....	192
Goa, the churches and the Baroque style.....	195
Discussion.....	195
Conclusions.....	197
17. Windows and Caming Pieces.....	201
<i>Gonçalo C. Lopes and Joana Baço</i>	
Cames.....	202

PART 5. SHIP'S EQUIPMENT

18. Armaments.....	205
<i>Alison Christine Darroch†</i>	
Introduction.....	205
Edged weapons.....	205
Blades.....	205
Hilts.....	207
Grips.....	208
Chain-mail.....	209
Handguns and accessories.....	212
Musketoons.....	212
Stock butt.....	213
Muskets.....	213
Powder flasks.....	213
Type I. Oval powder flasks.....	214
Type II. Cylindrical powder flasks.....	214
Type IIIa. Slender powder flasks.....	215
Type IIIb. Slender powder flasks.....	215
Powder flask fragments.....	216
Powder horn.....	217
Lead shot.....	219
Gun spall.....	221
Rectangular gun spall.....	221
Circular gun spall.....	222
D-shaped gun spall.....	222
Unworked spall.....	222
Ordnance.....	223
Swivel-guns.....	224
Breech-blocks.....	225
Swivel-gun mount.....	227
Iron cannon.....	227
Projectiles for ordnance.....	227
Round shot.....	227

Bar-shot	229
Bomb shot	229
Gunnery accessories	233
Gun carriage	233
Carriage trucks	235
Gun-port lid	237
Powder ladle	237
Lintstock	237
Touch-hole cleaner	238
Wadding	238
Cartridge moulds	238
Cannon quoins	240
Plain wedges	242
Explosive and pyrotechnic devices	245
Grenades (iron)	245
Fuses	246
Grenades (glass)	247
Firepots	248
Conclusions	253
19. Compasses	255
<i>Lisa Shuey and Jeremy N. Green</i>	
Introduction	255
The development of the mariner's compass	255
Contemporary illustrations of the compass	256
The binnacle	257
Other developments	259
Examples from shipwrecks and museum collections	261
Compasses	261
Compass No. 1. (MH 0727)	263
Compass No. 2. (MH 0729)	264
Compass No. 3. (MH 0794)	265
Outer box	265
Inner compass box	266
Compass No. 4. (MH 0639; MH 0591)	266
Outer box	266
Inner compass box	266
Compass bowl fragments	267
Gimbal bands	267
Round gimbal bands	267
Square gimbal band	268
Tacks	268
20. Sounding Weights	269
<i>Sheila Matthews</i>	
Sounding weights	269
Possible sounding weight or plug	269
21. Hourglasses	271
<i>Sheila Matthews and Jeremy N. Green</i>	
Introduction	271
Examples of other hourglasses	272
Hourglasses	273
Hourglass casings	275
22. Lanterns and Shell Panes (Carepas)	277
<i>Gonçalo C. Lopes and Joana Baço</i>	
Introduction	277
Shell panes or carepas	278
Lanterns	280
23. Tools	285
<i>Patrícia Carvalho and José Bettencourt</i>	
Introduction	285
Tools	286
Toolbox	286

Hammering tools	286
Cutting tools	288
Drilling tools.....	289
Chiselling tools.....	289
Brushing tools	291
Handles.....	291
Miscellaneous	292
Conclusion.....	295

PART 6. DAILY LIFE ON BOARD

24. Staved Containers.....	297
<i>Ana Catarina Garcia</i>	
Introduction	297
Staved containers and dunnage	299
Staves	299
Barrel heads	300
Bungs and pegs.....	301
Hoops and bindings.....	301
Iron bindings	301
Wood and bamboo binding	301
Dunnage.....	302
Buckets	303
Conclusions	304
25. Metal and Wooden Cookware	307
<i>Inês Pinto Coelho, Patrícia Carvalho and Marco Pinto</i>	
Introduction	307
Metal cooking and tableware	308
Copper alloy	308
Pewter	312
Iron	315
Wooden tableware.....	317
Bowls and plates.....	317
Stone cookware	318
Conclusion.....	321
26. Glass Bottles	323
<i>Tiago Silva</i>	
Introduction	323
Bottles and associated fittings	323
Onion bottles.....	323
Onion bottle base fragments	324
Case bottles.....	324
Case bottle collar-and-lid typology	326
Complete case bottles	329
Partial case bottles.....	330
Case bottles with collar and wooden bung.....	332
Case bottles with no lid	332
Case bottle bases	333
Gourd-type bottle.....	334
Other bottles.....	334
Bungs.....	335
Miscellaneous glass.....	337
Conclusions	338
27. Chinese Porcelain Tableware	341
<i>Sara Ferreira and Hamo Sassoon†</i>	
Introduction	341
Qing dynasty decorated Swatow ware from Zhangzhou (Fujian).....	342
Shallow bowls decorated with a leaf.....	342
Group 1.....	342
Group 2.....	344
Group 3.....	346
Group 4.....	348

Group 5.....	348
Evidence and finds of other similar wares.....	349
Blue-and-white Qing dynasty bowls from Zhangzhou (Fujian).....	351
Bowls with decoration.....	351
Bowls with lotus decoration.....	351
Small bowl with simple decoration.....	352
Blue-and-white Qing dynasty ceramics from Jingdezhen (Jiangxi).....	354
Shallow bowls decorated with lotus phytomorphs.....	354
Shallow bowl decorated with peonies.....	356
Bowls with peony decoration.....	356
Bowl decorated with lotus flowers.....	357
Bowl decorated with chrysanthemums.....	358
Bowls decorated with lotus panels.....	358
Miniature bottle.....	359
Polychrome Qing dynasty ceramics from Jingdezhen (Jiangxi).....	361
‘Green family’ products.....	361
Monochrome products.....	364
<i>Sancai</i> ceramics.....	366
Blue-and-white ceramics.....	366
Bowls.....	367
Possible porcelain.....	367
Celadon.....	368
Stoneware.....	368
Conclusion.....	368
28. Iberian Cooking and Tableware.....	371
<i>João Gonçalves Araújo, Joana Bento Torres, André Teixeira, Hamo Sassoon†</i>	
Portuguese Faience.....	371
Bowls.....	372
Shallow bowls (<i>covilhetes</i>).....	373
Plates.....	377
Basins.....	379
Bottles.....	380
Small jars.....	381
Apothecary’s jar (<i>albarello</i>).....	381
Jars.....	381
Barber’s bowl.....	383
Portuguese lead-glazed and unglazed ceramics.....	385
Small jars or cups.....	385
Jar or jug.....	387
Small bowl.....	387
Saucer or Eucharist paten.....	387
High foot oil lamp (?).....	388
Cooking pots.....	388
Pans.....	389
Lids.....	390
Jug (?).....	391
Saucer or small plate.....	391
Iberian <i>alcarraza</i> wares.....	393
Bottles.....	395
Conclusion.....	399
29. Iberian Storage Jars.....	401
<i>Joana Bento Torres, Hamo Sassoon†, André Teixeira</i>	
Introduction.....	401
<i>Botijas</i> or Olive jars.....	401
Conclusions.....	406
30. Indian and East African Cooking and Tableware.....	409
<i>Hamo Sassoon†</i>	
Introduction.....	409
Lead-glazed Indian earthenware.....	409
Jars.....	409
Pots with embossed stamp.....	410
Pot, two-handled vertical ridge.....	411
Pot, four-handled.....	411

Unglazed Indian earthenware (part 1).....	414
Amphora	414
Globular pots.....	414
Globular pots carinated.....	414
Globular pots non-carinated	415
Bowls	416
Possible paten	416
Miscellaneous	417
Unglazed Indian earthenware (part 2).....	420
Bowls	420
Convex base	420
Ring-base.....	420
Solid ring-base.....	421
Rounded base	423
Fragments.....	423
East African earthenware	425
Braziers.....	425
Pots	426
Carinated pots, plain rim.....	426
No ridge decoration.....	426
Raised horizontal decoration.....	427
Indented decoration.....	427
Raised vertical decoration.....	429
Rectangular decoration	429
Carinated pots, everted rim.....	429
Plain decoration	430
Raised horizontal decoration.....	430
Indented decoration.....	430
Raised loop decoration.....	431
Globular pots.....	432
Pot, plain or slightly everted rim, undecorated.....	432
Pots, everted rims.....	433
Pots, everted rims, undecorated.....	434
Pots, everted rim, decorated	436
Miscellaneous ceramics	440
Roof tiles	440
Bricks	440
Lamp.....	440
Conclusion.....	442
31. Asiatic Stoneware Storage Jars	443
<i>Jeremy N. Green and Farid Paul Willoughby</i>	
Introduction	443
Martabans: Chinese and Southeast Asian	444
Biconical jars with low necks, Chinese	444
Parallels (MH 0038; MH 2428)	446
Jars with elongated necks, Chinese.....	447
Parallels (MH 0291; MH 0956)	448
Discussion.....	449
Jars, Southeast Asian type from Martaban	449
Parallels (MH 0001; MH 0011; MH 4705).....	450
Conclusions	451
32. Faunal Remains	455
<i>Ariane Maggio</i>	
Introduction	455
Context.....	455
Methods	455
Overview of species present	455
Mammals	455
Bovinae.....	455
Caprinae	457
Antilopinae	458
Cervidae	459
Camelidae	459
Suidae	460

Hippopotamidae	461
Leporidae	462
Birds.....	464
Accipitridae.....	464
Falconidae.....	464
Phalacrocoracidae.....	464
Phasianidae.....	464
Reptiles and Fish.....	466
Cheloniidae.....	466
Selachii	467
33. Furniture and Wooden Objects.....	471
<i>Jeremy N. Green</i>	
Introduction	471
Carved wooden fittings.....	471
Spiral spindles.....	471
Spindles with flared discs and rings	473
Long ornately turned posts or spindles.....	481
Finials and knobs	483
Furniture legs.....	486
Interlocking posts or supports	486
Wooden brackets, picture frames and shaped objects.....	490
Brackets	490
Picture frames.....	492
Shaped wooden objects.....	492
Wooden box pieces.....	497
Miscellaneous wooden objects.....	500
PART 7. PERSONAL ITEMS	
34. Bird Cages.....	505
<i>Joana Baço and Gonçalo C. Lopes</i>	
Introduction	505
Bird cages.....	506
Bird cage-like fragments	506
Archaeological evidence and parallels	509
Conclusions	512
35. Jewellery and Personal Effects.....	513
<i>Luis Serrão Gil and André Teixeira</i>	
Introduction	513
Religious medallions	513
Jet medallions.....	516
Type I.....	517
Type II.....	518
Type III.....	518
Type IV	519
Jet hairpins.....	519
Jet earrings.....	519
Conclusions	524
36. Coins	525
<i>Tiago Curado</i>	
Introduction	525
Coins	525
Conclusion.....	526
37. Locks	529
<i>Andreia Martins Torres</i>	
Introduction	529
Locks	532
Padlock with rectangular or square case.....	532
Padlock, 'Chinese' variant.....	533
U-shaped insertion lock.....	533
Conclusion.....	534

38. Beads	537
<i>Andreia Martins Torres</i>	
Introduction	537
Raw materials	537
Stone bead	537
Shell beads.....	538
Jet beads.....	538
Wooden bead.....	539
Seed beads	539
Glass beads.....	539
Beads.....	540
Conclusion.....	542
39. Clothing	545
<i>Luís Serrão Gil and André Teixeira</i>	
Introduction	545
Buttons	545
Silver	547
Pewter and copper alloy.....	548
Wood	549
Footwear	551
Leather soles	552
Leather heels.....	555
Wooden soles and heels	558
Buckles and clasps	560
Buckles.....	561
Clasps.....	564
Miscellaneous	564
Conclusion.....	566
40. Medical and Toiletry Items	567
<i>Teresa Ramos Costa and Christelle Chouzenoux</i>	
Introduction	567
Medical.....	569
Syringe	569
Snuff bottle.....	570
Cupping-glasses.....	570
Toiletry.....	571
Combs.....	571
Needles	572
Cup with lid	573
Candlestick	574
Bell	574
Conclusion.....	574
41. Fishing Gear	577
<i>Jorge Freire</i>	
Introduction	577
Fishing gear	577
Conclusion.....	578
42. Entertainment	581
<i>Jeremy N. Green and Robin C.M. Piercy</i>	
Musical instruments.....	581
Introduction	581
Pegboard	581
Trumpet.....	581
Marimba.....	582
Tokens or gaming	584
43. Smoking Pipes	587
<i>Jerome Hall</i>	
Introduction	587
Dating European clay-pipes	587
European clay-pipe manufacture.....	589
Characteristics of the seventeenth-century clay-pipe	589

Smoking pipes from the <i>Santo António de Tanná</i>	589
European pipes	589
Maker's mark 'IB'	590
Parallels.....	590
Observations and analysis.....	592
Non-European pipes.....	592
Associated artefacts.....	593
Parallels.....	593
Observations and analysis.....	593
Anthropomorphic pipes	594
Parallels.....	595
Observations and analysis.....	595
Hookah bowl	595
Parallels.....	596
Observations and analysis.....	596
Conclusion.....	597

PART 8. POSSIBLE CARGO

44. Blackwood Logs.....	599
<i>Christine A. Powell</i>	
Introduction	599
Historical background	599
The log inscriptions.....	600
Blackwood logs	600
DM graffiti	600
DW graffiti.....	601
EM graffiti	601
LM graffiti	602
IM graffiti.....	606
FM graffiti	607
IVI graffiti	607
Illegible graffiti	607
Purpose of the logs	608
45. Seals	611
<i>Jeremy N. Green</i>	
Introduction	611
Bale seals	611
Disc seals.....	612

PART 9. ADDITIONAL NOTES AND END MATTER

46. The <i>Historia de Mombaça</i> and Historical Documentation on the Loss of Fort Jesus.....	615
<i>James Kirkman† and Jill Dias†</i>	
The <i>Historia de Mombaça</i>	615
The <i>Discricão</i>	616
Other confirmatory documents on the siege.....	617
The viceroy.....	618
Conde de Villa Verde.....	618
The officers.....	620
Luis de Melo de Sampaio	620
General Pereira da Silva	620
Henrique de Figueiredo	620
The paladins	621
Joseph de Brito	621
Jacome de Moraes.....	621
Bras Fialho	622
The Muslims, Arabs and Benadão.....	622
The final analysis.....	622
The <i>Historia de Mombaça</i>	623
Mombasa.....	623
Mozambique.....	631

Goa.....	631
The first relief [March 1696].....	632
At sea	634
