Preface	xxv
Abstract	xxvii
چکیده	xxix
1. Contextualizing the Northeast Region in the Iranian Neolithic Landscape	1
1.1. Introduction	1
1.2. Out of the Central Zagros.....	2
1.2.1. Timing of dispersal.....	3
1.2.2. Subsistence economy	4
1.3. Eastward Neolithic dispersal from the Iranian Plateau	5
1.3.1. Indo-Iranian borderlands	5
1.3.2. Seeking the origins of Jeitun Culture	5
1.4. Concluding remarks	6
2. Tappeh Sang-e Chakhmaq and the Chakhmaq Culture	7
2.1. The Twin Mounds of Sang-e Chakhmaq.....	7
2.2. The Chakhmaq Culture	7
2.3. Research Objectives, Fieldwork, and Methodology	11
3. The Environmental Setting of the Shahroud Area	13
3.1. Introduction	13
3.2. The Shahroud Area.....	14
4. Main Neolithic Excavated Sites in Northeast Iran	19
4.1. Introduction	19
4.2. The Shahroud area.....	19
4.2.1. Kalateh Khan	19
4.2.2. Deh Kheir	21
4.2.3. Rouyan	21
4.3. The North Khorasan Province.....	22
4.3.1. Tappeh Qaleh Khan	22
4.4. The Gorgan Plain	23
4.5. Concluding remarks	23
5. The 1970s Japanese Excavations at Tappeh Sang-e Chakhmaq: An Overview	25
5.1. Introduction	25
5.2. Excavation at the West Mound.....	25
5.2.1. Stratigraphy and architecture.....	26
5.2.2. Chipped stones and clay objects.....	26
5.2.3. Ceramics.....	28
5.2.4. Human burials	28
5.3. Excavation at the East Mound.....	29
5.3.1. Stratigraphy	29
5.3.2. Architecture	31
5.3.3. Ceramics.....	32
5.3.4. Artifactual assemblage	32
5.4. Plant and animal remains	33
5.5. Concluding remarks	33
6. The 2009 Stratigraphic Excavation at the West Mound of Tappeh Sang-e Chakhmaq	35
6.1. Introduction	35
6.2. Excavation and stratigraphy	35
6.2.1. Occupational Phase 1	36

6.2.2. Occupational Phase 2	37
6.2.3. Occupational Phase 3	43
6.2.4. Occupational Phase 4	43
6.3. Small Finds.....	43
6.3.1. Figurines and objects of lightly-baked clay	46
6.3.2. Bone artifacts.....	52
6.3.3. Miscellaneous.....	52
6.4. Grinding and pounding tools.....	54
6.4.1. Handstones	54
6.4.2. Grinding slabs	54
6.4.3. Pounders	54
6.5. Ceramic	54
6.6. Concluding remarks	54
7. The 2009 Stratigraphic Excavation at the East Mound of Tappeh Sang-e Chakhmaq.....	57
7.1. Introduction	57
7.2. Excavation and stratigraphy	58
7.2.1. Stratigraphic Trench 1	58
7.2.2. Stratigraphic Trench 2	69
7.3. Small finds.....	70
7.3.1. Figurines and other objects of lightly-baked clay	70
7.3.2. Small finds made from various stones.....	74
7.3.3. Bone artifacts.....	76
7.3.4. Wooden artifacts.....	80
7.3.5. Shells	80
7.3.6. Miscellaneous.....	80
7.4. Grinding and pounding tools.....	82
7.4.1. Grinding slabs	82
7.4.2. Handstones	82
7.4.3. Pounders	83
7.4.4. Pestles.....	84
7.4.5. Axehead.....	84
7.5. Concluding remarks	84
8. The East Mound Ceramics.....	87
8.1. Introduction	87
8.2. Ceramic assemblage of Trench 1	88
8.2.1. Paste and temper.....	88
8.2.2. Coating and surface treatment.....	88
8.2.3. Vessel forms	92
8.2.4. Painted designs	93
8.3. Ceramic assemblage of Trench 2	94
8.4. Concluding remarks	94
8.5. Ceramic descriptions.....	94
9. Techno-Typological Analysis of Lithic Artifacts from the 2009 Soundings at Tappeh Sang-e Chakhmaq, Northeastern Iran	125
<i>Mohsen Zeidi</i>	
9.1. Introduction	125
9.2. The geological setting	125
9.3. The lithic sample	127
9.4. The raw material	127
9.4.1. Yellowish-brown chert	127
9.4.2. Gray chert.....	129
9.4.3. Brown chert.....	129
9.4.4. White chert	129
9.4.5. Reddish-brown chert	129
9.4.6. Obsidian	129
9.4.7. Basalt.....	131
9.4.8. Limestone	131
9.4.9. Sandstone	131

9.4.10. Tuff	131
9.4.11. Quartz/quartzite	131
9.4.12. Burnt	131
9.5. Debitage and blanks	131
9.6. Retouched tools and utilized blanks.....	137
9.7. Tool categories	138
9.7.1. Backed.....	138
9.7.2. Drill/perforator	139
9.7.3. Notches/denticulates.....	140
9.7.4. End-scraper.....	140
9.7.5. Used.....	140
9.7.6. Oblique truncation.....	140
9.7.7. Retouched.....	140
9.7.8. Sickle.....	140
9.7.9. Trapezoid/lunate	140
9.8. Concluding remarks	140
10. The Radiocarbon Dating	147
10.1. Introduction.....	147
10.2. Absolute dates from the 2009 sounding.....	147
10.3. Concluding remarks	149
11. Early Agriculture and Environment in the Shahroud Plain: Results from the Archaeobotanical Study	151
<i>Margareta Tengberg, Brigitte David, Christelle Kabboul, and Elisa Brandstätt</i>	
11.1. Introduction	151
11.2. Materials and methods	151
11.3. Results	155
11.3.1. General remarks.....	155
11.3.2. Identified taxa	155
11.4. Discussion	169
11.4.1. Composition of samples and reconstruction of crop husbandry practices	169
11.4.2. Composition of crop assemblages.....	173
11.4.3. Origin of crops.....	174
11.5. The first results of the charcoal study.....	174
11.6. Conclusion.....	175
12. Archaeozoological Report of the 2009 Soundings of Tappeh Sang-e Chakhmaq, Bastam Plain, Northeast Iran.....	179
<i>Marjan Mashkour, Fatemeh Azadeh-Mohaseb, Homa Fathi, Shiva Sheikhi, and Sanaz Beyzaei Doust</i>	
12.1. Introduction.....	179
12.2. Taphonomic observations.....	179
12.3. The faunal spectra of the West Mound and the East Mound.....	183
12.3.1. Herbivores	184
12.3.2. Carnivores and mesofauna	188
12.3.3. Rodents.....	190
12.4. Concluding remarks on the faunal spectra of the West Mound and the East Mound	190
12.4.1. Evolution of the faunal spectra between the two mounds.....	191
12.5. The exploitation of sheep, goats, and cattle at Tappeh Sang-e Chakhmaq	194
12.5.1. Herding strategies for the goat population	201
12.5.2. Synthesis of herding strategies.....	201
12.6. Characterization of the Ovicaprine and Bovine population of Tappeh Sang-e Chakhmaq	203
12.7. Discussion and Conclusion	205
13. Discussion and Conclusions	209
13.1. Introduction.....	209
13.2. The origins of Chakhmaq Culture.....	209
13.3. Internal development of Chakhmaq Culture.....	211
13.4. Chakhmaq Culture from an interregional perspective	213
13.5. Future research directions	217
